

### **APPENDIX 3: FWS/NOAA Fisheries Correspondence**

This appendix contains copies of correspondence between APHIS and FWS, and APHIS and NOAA Fisheries dealing with local consultation to meet obligations of the Endangered Species Act, Section 7. Consultation is ongoing, and correspondence will be added as it becomes available. No suppression programs can be undertaken in the area covered by this EA until agreement on protections for threatened and endangered species is reached.

The reader is encouraged to check the ODA website, [http://egov.oregon.gov/ODA/PLANT/ippm\\_control.shtml](http://egov.oregon.gov/ODA/PLANT/ippm_control.shtml), for the latest updates to this appendix.
