## Pesticide Advisory

### **Alert – Emerald Harvest, 0.3-2-3 King Kola Powerful Bloom Booster, by Emerald Harvest, contains salicylic acid, prohexadione, and 6-benzylaminopurine**

August 24, 2017

The Oregon Department of Agriculture (ODA) has reason to believe the product Emerald Harvest, 0.3-2-3 King Kola Powerful Bloom Booster, manufactured by Emerald Harvest, contains pesticide active ingredients, salicylic acid, prohexadione, and 6-benzylamino purine, not listed on the label. This advisory is based on laboratory testing and confirmation of undeclared pesticide active ingredients.

Growers of all crops and retailers are advised to discontinue using or selling Emerald Harvest, 0.3-2-3 King Kola Powerful Bloom Booster until further notice. The Department has issued a statewide Stop, Sale or Removal Order and is working with the manufacturer to rectify the situation.

For additional information or questions, please contact ODA at (503) 986-4635, email [pestx@oda.state.or.us](mailto:pestx@oda.state.or.us) or visit our website at: <http://www.oregon.gov/ODA/programs/Pesticides/Pages/CannabisPesticides.aspx>
