

Clatsop and Tillamook State Forest Management Scenarios

Board of Forestry
April 24, 2009

Model Scenarios

OREGON DEPARTMENT OF FORESTRY

- A. Wood Emphasis with FPA Resource Site Protection
- B. Wood Emphasis with State Forests Take-Avoidance
- C. Performance Measure (PM) with a Revenue Emphasis
- D. Performance Measure with Structure and Revenue
- E. FMP with HCP (40% Complex Structure)
- F. FMP with HCP (50% Complex Structure) – Base Case

Scenario Relationships

OREGON DEPARTMENT OF FORESTRY

- Improvement apply to all models
- Relationship unchanged
 - Highest volume remains the highest volume
 - Highest complex structure remains the highest complex structure
 - Ranges between the highest and lowest outputs could increase
