

**Oregon Board of Forestry
Dynamic Forest Ecosystems Work Plan
Summit Policy Workshop
September 8, 2009
Oregon Garden Resort
895 West Main Street
Silverton, Oregon**

Draft Objectives

- To inform and engage workshop participants on dynamic ecosystems science findings and the implications for forest management and forest policy that have emerged from Work Plan implementation to date.
- To develop recommendations for meaningful and tangible principles and guidelines for future Oregon forest management and forest policies that more fully utilize dynamic ecosystems science.
- To develop recommendations for moving forward on these topics.
