

# Exhibit I - Wildland Firefighting Training Resources

To assure sufficient wildland fire training opportunities are available for private sector **Contractors** who participate in the **Crew** and engine/tender contracts, and that this training meets or exceeds National Wildfire Coordinating Group (NWCG) standards, the **Pacific Northwest Wildfire Coordinating Group (PNWCG)** has entered into Memorandums of Understanding (MOU's) with representatives of two groups of training providers. The groups are **Firefighting Contractor Associations** and Public Education Providers. Below are the list of associations and institutions that have valid MOU's with **PNWCG**:
