PARTIAL WAIVER OF REGULATED USE CLOSURE RESTRICTION

Northwest Oregon Forest Protection District

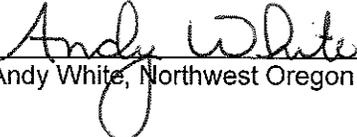

The regulated use closure restriction prohibiting non-industrial chainsaw use is hereby waived on all forest land, within the Northwest Oregon Forest Protection District.

This waiver is on condition that the operator insures that the following conditions are complied with:

- Chain saw use is prohibited, between the hours of 1:00 p.m. and 8:00 p.m.
- Chain saw use is permitted at all other hours, if the following firefighting equipment is present with each operating saw: one shovel and one operational 8 ounce or larger fire extinguisher or suppressant.
- Chain saw is required to have a spark arresting screen (.023").
- A fire watch is required for one hour following the use of a saw.

The waiver will be in effect only during periods when the Industrial Fire Precaution Level (IFPL) in areas NW-1, NW-2, or NW-3 is at Levels 1 and 2. When the IFPL is at Level 3 or higher for a given area, the waiver no longer applies and all public regulated use closure restrictions that are in effect will apply in that area.

State reserves the right to rescind this waiver at any time.

Andy White, Northwest Oregon Area Director

Date: July 14, 2016
