

PROTECTION FROM FIRE DEFINITIONS

All-terrain vehicles (ATVs) OAR 629-041-005 (2) (a): Class I all-terrain vehicle as defined in ORS 801.190 means a motorized, off-highway recreational vehicle that:

- (1) Is 50 inches or less in width;
- (2) Has a dry weight of 1,200 pounds or less;
- (3) Travels on three or more pneumatic tires that are six inches or more in width and that are designed for use on wheels with a rim diameter of 14 inches or less;
- (4) Uses handlebars for steering;
- (5) Has a seat designed to be straddled for the operator; and
- (6) Is designed for or capable of cross-country travel on or immediately over land, water, sand, snow, ice, marsh, swampland or other natural terrain.

"Axe" means a wood cutting tool having a handle of not less than 26 inches in length and a head weight of not less than 2 pounds.

"Campfire" means any open fire used for cooking, personal warmth, lighting, ceremonial or aesthetic purposes that is hand built and that is not associated with any debris disposal activities.

"Entrants" means all persons.

"Exploding target" means a device designated for use or used as a target for small arms ammunition or for other projectiles consisting of a flammable substance or flammable combination of substances and capable of exploding when struck by small arms gunfire or other projectiles.

"Fire watch" means a person who is physically capable and experienced to constantly observe all areas in which chain saw use occurred and who has adequate communications to summon fire fighting assistance.

"Fireworks" means any combustible or explosive device or any other article which was prepared for the purpose of providing a visible or audible effect by combustion, explosion, deflagration or detonation, including firecrackers, fountains, skyrockets, snakes and sparklers.

"Forester" means the State Forester or authorized representative.

"Improved road" means a road maintained for the use of passenger cars and that is clear of flammable debris.

"State and county roads" means paved and gravel surfaced highways and roads that are routinely maintained by either a county road department or the Oregon Department of Transportation.

"Machinery" means equipment that is powered by an internal combustion engine. Does not include machinery that is subject to other restrictions of this proclamation.

"Motor vehicle" means any vehicle that is self-propelled which was built to transport persons or property primarily on improved roads, including buses, cars, recreational vehicles and trucks, except motorcycles and all-terrain vehicles.

"Motorcycle" means any self-propelled vehicle other than a moped or farm tractor that has a seat or saddle for use of the rider; is designed to be operated on the ground upon wheels; and is designed to travel with not more than three wheels in contact with the ground.

"Open fire" means the outdoor burning of any matter in such a way that the combustion air is not effectively controlled and the products of combustion are emitted directly into the atmosphere without passing through a stack or chimney.

"Operation" means any commercial or industrial activity, excluding the culture and harvesting of agricultural crops.

"Restrictions" means those requirements that must be complied with when on lands subject to this proclamation, unless waived or modified by the forester in writing. Such requirements do not apply to an operation for which a permit has been issued in accordance with ORS 477.625.

"Shovel" means a digging tool having a handle of not less than 26 inches in length and a blade of approximately 6-8 inches in width.
