GIS Database Dictionary:

Draft : v. 1.0.1 **Design** (6/19/2003)

Path to Master: \odf\gs1\adminbdy	Layer Title: <i>Structural Fire PD</i>	Theme Code: ODFAB018
File Name: sfpd100k	Theme Class: Administrative Boundaries	Scale: 1:100,000
Master Format: A/I Coverage, ver. 8.0.1	Stability: Permanent	Extent: Oregon
Originator: ODF	Designation: Cooperator	Currentness:
ODF Custodian: ODF GIS Data Administrator	Data Class: Oregon Dept. of Forestry	Update freq: As needed

Abstract: The Structural Fire Protection Districts represent the boundaries of urban and rural structural fire districts. The layer was created cooperatively with the Oregon State Fire Marshal's office. The layer contains the Urban and Rural Fire Protection District boundary lines as well as attribute information (which is updated on a quarterly basis by the SFM office). Construction of the layer started prior to 2000 using line work collected with heads-up digitizing of Rural Fire Protection District boundaries from hard copy maps provided by the RFPDs and from ODF Protection Maps. In 2001 an effort was made to contact urban and rural fire districts whose boundaries were not included in the first digitizing effort. The boundaries for those districts that responded were incorporated into the protection district layer (not all districts responded so not all districts are represented in the theme). The name of the theme was changed from Rural to Structural to make it more representative of the data.

Purpose: Structural Fire Protection District theme is being developed to show structural fire protection boundaries and the responsible agency.

ODF Type	Feature	Required	Field Name	Definition	Item Type	FW
ODF	Polygon	required	fire_agency	Name of the responding agency	35 C	<input type="checkbox"/>
ODF	Polygon	required	contract_by	If different than 'Agency', this is the entity that holds a contract with the 'Agency' to provide coverage.	35 C	<input type="checkbox"/>
ODF	Polygon	recommended	fc_fname	Fire Chief's first name	20 C	<input type="checkbox"/>
ODF	Polygon	recommended	fc_lname	Fire Chief's last name	20 C	<input type="checkbox"/>
ODF	Polygon	recommended	busphone	Department's business phone	20 C	<input type="checkbox"/>
ODF	Polygon	required	fdid	Unique id number that links to the OSFM's database	4 I	<input type="checkbox"/>
ODF	Polygon	recommended	poly_source	The source of the location of the rfpd.	16 C	<input type="checkbox"/>
ODF	Polygon	recommended	edit_date	The date that changes or updates were completed.	16 C	<input type="checkbox"/>
ODF	Line	recommended	linesource	source reference for lines	25 C	<input type="checkbox"/>
