Re: Information Item – Approved Annual Operations Plan for 2009

The 2009 State Forests Annual Operations Plan (AOP) for the Forest Grove District is attached for your information. During my review of this plan, I have found that it is consistent with the Northwest Oregon State Forest Management Plan, the current District Implementation Plan, and the 2009 Annual Operation Planning Standards and Guidance.

During its preparation, this plan was reviewed by technical specialists from within the department and biologists from the Oregon Department of Fish and Wildlife. Their comments were received verbally and in writing (written comments are on file at the district office). The draft AOP also underwent a 45-day public comment period. Forest Grove District did not receive any public comments related to the FY09 AOP. Revisions were made to the Forest Grove District FY09 AOP since the public review period (February 11 through March 26, 2008). These revisions were a result of further analysis and editing by district personnel. These revisions are summarized in Appendix D: *Public Comment Process for the 2009 Annual Operations Plan*.

Approval of this plan does not constitute final approval of individual project details. Individual operations are subject to additional review processes at the district and program staff level before implementation. The operations in this plan may be modified during the final preparation and/or implementation. Modifications to these operations will conform to the process included in the Annual Operations Planning Policies and Procedures.

The official copy of this AOP will be on file at the district office. Additional copies are available at the State Forests Program office in Salem, and are also available on the ODF web site at: http://oregon.gov/ODF/STATE_FORESTS/Annual_Operations_Plans.shtml.
