MEMORANDUM

Subject: FY07 AOP Modification – Lame Beavers Timber Sale
To: Bill Hunt, District Forester
From: Ed DeBlander, Unit Forester
Date: January 12, 2007

STEWARDSHIP IN FORESTRY

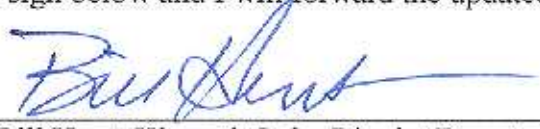

The Klamath-Lake District is modifying the FY07 Lame Beavers Timber Sale by adding three nearby units to the sale that were previously planned for the FY09 AOP. This modification will make the sale more efficient.

The details of the modification are as follows:

1. Add three lodgepole pine units totaling 113 acres. All three units are Modified Clearcuts as were the original units of the sale.
2. These units would add an estimated 980 mbf to the sale, worth an estimated \$186,200.
3. Adding the units will require an additional 1.5 miles of dirt spur construction.

If you approve, sign below and I will forward the updated information to Salem.

Approved:

Bill Hunt, Klamath-Lake District Forester
