IMPORTANT NOTICES FOR TIMBER SALES

The important notices that follow are applicable to all Timber Sales to be sold by the Oregon Department of Forestry (ODF).

EXPORT PROHIBITIONS

This is a sale of "State timber" as defined in OAR 629-31-005 and may not be exported. The Forest Resources Conservation Amendments Act of 1993 prohibits the export of unprocessed timber from public lands in Oregon and other western states. Bidders must comply with the provisions of the federal act and with OAR 629-31-005 through 629-31-045 in disposing of timber from this sale.

EQUAL EMPLOYMENT OPPORTUNITY/AFFIRMATIVE ACTION

A contractor who contracts with Oregon Department of Forestry shall not discriminate against minority, women, or emerging small business enterprises in the awarding of subcontracts. The contractor shall certify as part of the bid documents accompanying the bid on a public contract that the contractor has not discriminated against minority, women, or emerging small business enterprises in obtaining any required subcontracts.

Oregon Department of Forestry may disqualify any person as a bidder on a public contract if the agency finds that the person has violated provisions of the above in a contract between the person and the agency.

ENDANGERED SPECIES / OPERATIONAL DELAYS

This contract contains a clause allowing STATE to delay operations when required to survey for threatened or endangered species, and a clause allowing STATE to terminate the contract when STATE determines it is in their best interest. The clause may be used for, but is not limited to, the discovery of a species listed as threatened or endangered that would be impacted.

Prospective purchasers of State timber sales need to be aware that the Department of Forestry is engaged in an active threatened and endangered (T&E) species survey program. As part of that program, ODF surveys its lands on a continuing basis for land management, species protection, research, and other reasons. ODF does not guarantee that a threatened or endangered species will not be found as a result of those surveys, or the surveys of others. Prospective purchasers are reminded that ODF surveying efforts may take place during the life of any timber sale contract, and that the discovery of a threatened or endangered species in the vicinity of a timber sale may affect operations contemplated under the contract. This includes timber sales that have been determined to be unsuitable habitat or not detrimental to habitat. Please refer to Sections 1520, 1560, and 1570 of your contract prospectus, or contact our Staff Biological Specialist at (503) 945-7374 for further information.

CERTIFICATION OF ELIGIBILITY TO BID ON STATE TIMBER

Any bidder who has within a 3 year period preceding a bid had one or more federal, state, or local timber sales terminated for cause or default must submit an explanation, in writing, with their bid for consideration by STATE. Any such explanations shall be submitted at the time of the bid on a separate piece of paper. STATE will consider the following when considering acceptance or rejection of a bid based on previous terminations, defaults, or other matters relating to timber sales:

- Have the underlying issues that were the cause of a default, termination, or other action by a public agency been remedied?
- Is the past credit or payment history of the bidder with the public agency satisfactory?
- Can the bidder obtain surety bonding in amounts sufficient to meet the requirements contained in the contract(s) at issue?
- Have the underlying issues that were the cause of a default, termination, or other action by the State Forester been remedied?

BID DEPOSITS

Required bid deposits are listed on each Notice of Timber Sale. The bid deposit equals up to 10 percent of the total appraised value of the sale. The State Forester could accept as bid deposit: cash, cashier's or certified check, money order, surety bond, assignment of surety, irrevocable letters of credit, or other securities acceptable to the State Forester. **NO PERSONAL OR COMPANY CHECKS WILL BE ACCEPTED FOR THE BID DEPOSIT.** Surety bonds must be executed on a standard State form which is included. Make sure that cashier's checks or money orders for bid deposits are made payable to the "Oregon Department of Forestry." The deposits are considered as evidence of good faith. The high bidder's cash deposit will be applied to the first sale payment. Bid deposits are retained as liquidated damages in case of failure to qualify under the terms of the contract within 30 days after notification of high bid. Other deposits are returned.

PERFORMANCE BONDS

Performance bonds are required on all timber sales. The amount of the bond is generally 20 percent of the bid value, but may be more if the State Forester determines extra bonding is necessary to protect the interests of STATE. The State Forester could accept as performance bond: cash, cashier's or certified check, money order, surety bond, assignment of surety, irrevocable letters of credit, or other securities acceptable to the State Forester. **NO PERSONAL OR COMPANY CHECKS WILL BE ACCEPTED FOR THE PERFORMANCE BOND.** A timber payment bond is required on all sales sold on a recovery basis. A blanket timber payment bond may be used if bidding on more than one sale.

TO OBTAIN A PROSPECTUS AND BID FORMS

Contract provisions and the appropriate bid forms for this timber sale are available for your study, and copies may be obtained at the district office in the locality that the sale is offered, or from Oregon Department of Forestry headquarters in Salem.

Oregon Department
of Forestry

BIDDING PROCEDURES FOR TIMBER SALES

The general requirements that follow are applicable to all timber sales to be sold by the Oregon Department of Forestry (ODF).

GENERAL INFORMATION

The State Forester makes no guarantee as to the quantity, quality, or value of the timber to be sold; he also reserves the right to waive minor technicalities and the right to reject any or all bids.

If you are the successful bidder, the State Forester will send you a Notice of Intent to Award letter and the timber sale contract shortly after the opening. To qualify for the timber sale, you must return one copy of the contract with the proper signatures and the initial payment, and also submit an insurance certificate and performance bond as specified in the contract, all within 30 days of the notice of intent to award. No operations are permitted on the areas of operations before the bond and insurance are accepted.

The definition of a Bidder is a person, business, corporation, or other entity recognized by the STATE that submits a bid to enter into a contract with the STATE to purchase forest products, and that certifies that the timber will be harvested.

CERTIFICATION OF ELIGIBILITY

The Forest Resources Conservation Amendments Act of 1993, ORS Ch. 526, and the State Forester's Administrative Rules implementing the federal act, require bidders to complete a "Certification of Eligibility to Bid on State Timber" and submit it with their bid.

BID OPENING TIME AND PLACE

Bid opening will start at the time, on the date, and at the location specified in each Notice of Timber Sale.

BIDDING PROCESS

- All timber will be sold using the sealed bid method, unless otherwise specified in the notice.
- Bids submitted on the day of the sale must be in the bid box or bid envelope at the specified bid opening location before the specified bid opening time.
- Mailed bids must be received by the respective office by 5:00 p.m. on the last business day before the bid opening.
- All bids must include the completed Form of Proposal, Certificate of Eligibility to Bid, and bid deposit.
- Bids will be opened at the specified bid opening location in the order in which sales appear in the Timber Sale Schedule handbook.
- ODF will not accept bid forms which are filled out incorrectly. A bid deposit must be included in a sealed bid envelope.
- If a tie bid occurs, the apparent successful bidder will be determined by a drawing, among tied bidders, as determined by STATE.
- All bids may be rejected for good cause upon a finding by the STATE that it is in the public interest to do so.

BID PREPARATION

- **Compliance.** All bids must be sealed and presented to the Oregon Department of Forestry at the location specified prior to the stated opening time. Bids shall be typed or prepared in ink, and shall be signed in ink by the bidder, or an authorized representative of the bidder. Bids shall be made on the form(s) provided unless bidders are otherwise instructed in the Notice of Timber Sale. Bids shall contain a fully executed bid package, including all required documents.
- **Entering Bid Prices.** Unless otherwise indicated, the price of each item must be clearly shown in the spaces provided in the Form of Proposal. Numbers shall be stated both in writing and in figures, and the written price shall prevail over the numerical price in case of differences. For recovery (scaled) sales, show both in writing and figures the price bid per MBF, or in an alternate unit of measurement specifically designated in the Notice of Timber Sale. For cash (lump sum) sales, show the total lump sum price bid both in writing and figures.
- **Examination of Contract, Timber Sale Area, Access Roads, and Required Work.** It is understood that the bidders, before submitting their bids, have made a careful examination of the contract requirements; that they have fully informed themselves as to the quality and quantity of materials and the character of the operations required; and that they have made a careful examination of the location and quantity and quality of the timber to be sold. The STATE will in no case be responsible for any loss or unanticipated costs to purchasers as a result of their failure to fully inform themselves in advance as to all conditions pertaining to the timber or the operations.
- **Modification of Bids.** No oral, telegraphic, or telephonic bids will be considered. Modifications to sealed bids may be made prior to the time specified for bid opening. Such modifications shall be made in writing, clearly explain the error and item to be corrected, be signed by the person entering the original bid, and be submitted in a sealed envelope. The sealed envelope shall on its outside identify the bidder, bid number, and that it is a modification to the previous bid. Modifications presented after the time specified for bid opening will not be considered.
- **Certification of Alteration or Erasure.** A bid shall be rejected if it contains any material alteration or erasure unless, before the bid is submitted, each such alteration or erasure is initialed in ink or indelible pencil by the person signing the bid.

Oregon Department
of Forestry

- Sealed bid envelopes must contain the following:
 - A completed bid form (Form of Proposal); including Purchaser's Status
 - Bid deposit.
 - Certificate of Eligibility to Bid on State Timber.
- A bidder may withdraw their bid up until the first bid of the sale being offered is opened. For example, if three sales are scheduled for the same opening date and time, a bidder may enter a bid on all three, but if that bidder is the apparent high bidder on the first sale, bids on the other two sales may be withdrawn.

BID VALUATION

For cash sales (total lump sum or cash installment), where bids are submitted on the basis of total price for all timber designated for cutting, the high bid will be determined by the largest total price offered.

For recovery sales (paid for on log scale *), where bids are submitted on the basis of unit price per thousand board feet (MBF)*, the high bid will be determined by multiplying the price per MBF* for each bid species by the advertised cruised volume for each such species, to arrive at the largest total price offered for all bid species. The total contract price includes all species.

The State Forester reserves the right to waive minor technicalities and the right to reject any and all bids.

* or in an alternate unit of measurement specifically designated in the Notice of Timber Sale

Oregon Department
of Forestry

BIDDING PROCEDURES FOR TIMBER SALES

BID READING

At the prescribed time and place, bids will be publicly opened and read, and bidders may be present to record results. Notice of intent to award will not be made at the bid opening.

The State Forester reserves the right to hold the bid security of all bidders until written notice of intent to award is made to the successful bidder. Bid security shall be in the form of cash, cashier's or certified check, money order, surety bond, assignment of surety, irrevocable letters of credit, or other securities acceptable to the State Forester, all made payable to the "Oregon Department of Forestry." **NO PERSONAL OR COMPANY CHECKS WILL BE ACCEPTED FOR THE BID SECURITY.** Surety bonds must be executed on a standard State form which will be furnished upon request.

A bidder may furnish one surety bid bond to cover deposits for more than one timber sale bid to be opened on the same date. The surety bond must be in the total amount of all bid deposits for all timber sales for which bids are entered. Include the bond with one sealed bid proposal, and make note at the bottom of the Form of Proposal for other bids entered that the bond is included with the bid on another sale (give timber sale number of that sale).

PROTEST OF CONTRACT AWARD

Any qualified bidder who is adversely affected or aggrieved by the State's award of the contract to another bidder shall have 14 calendar days after issuance of the award documents to submit a written protest of the award. The written protest shall specify the grounds upon which the protest is based.
