

Memo

To: Dan Shults, Southern Oregon Area Director

From: Rick Rogers, Western Lane District Forester

CC: Lisa Debruyckere, State Forests Program Director

Date: June 28, 2006

Re: Information Item - Approved Annual Operations Plan for 2007

The 2007 State Forests Annual Operations Plan for the Western Lane District is attached for your information. During my review of this plan, I have found that it is consistent with the *Northwest Oregon State Forests Management Plan*, the current Western Lane District Implementation Plan, and the 2007 Annual Operations Planning Standards and Guidance memorandum.

This annual operations plan covers proposed forest management activities for fiscal year 2007.

During its preparation, this plan was reviewed by technical specialists from within the department and biologists from the Oregon Department of Fish and Wildlife and USFW. Their comments were received verbally and in writing (written comments are on file at the district office). All comments were carefully considered and incorporated where appropriate.

The draft annual operations plan also underwent a 45-day public comment period. No public comments were received.

Approval of this plan does not constitute final approval of individual project details. Individual timber sales are subject to additional review processes at the district and program staff level before approval for auction. The operations described in this plan may be modified during the final preparation and/or implementation. Modifications to these operations will conform to the process included in the draft Annual Operations Planning Directive.

The official copy of this Annual Operations Plan will be on file at the district office. Additional copies are available at the State Forests Program office in Salem.

The plan is also available on the ODF web site at:
