

## Harvest Type Acronyms

### **Regeneration Harvest**

RH – Regeneration Harvest (harvest type not identified)

CC – Clearcut

MC – Modified Clearcut

RC – Retention Cut

### **Partial Cut Harvest**

PC – Partial Cut Harvest (harvest type not identified)

PC-H – Heavy Thin

PC-M – Moderate Thin

PC-L – Light Thin

PC-S – Sanitation Thin

PC-G – Group Selection, without thinning the areas outside of the patches

PC-R – Single Tree Removal

/G – Add this symbol to any of the partial cut acronyms (except PC-G) when Group Selection is combined with another partial cut harvest type. For example, the acronym for a moderate thin unit that contains some group selection patches is PC-M/G.
