

Habitat Conservation Plan for Elliott State Forest

Table of Contents

Front Material

List of Acronyms and Abbreviations Used inside front cover

Executive Summary S-1

Map Section

Vicinity Map
Elliott State Forest

See also “Maps” on page 4 for a list of maps in other sections of the plan.

Section I. The Planning Context and the Plan Area

Purpose of Habitat Conservation Plan	I-1
Legal and Policy Mandates for Management of the Elliott State Forest	I-2
Regional Context — Land Ownership and Use	I-4
Regional Social and Economic Context	I-7
Elliott State Forest — Location and Land Use Classifications	I-10
The Timber Program	I-17
Regulatory Framework for Habitat Conservation Plan	I-20
Habitat Conservation Plan Requirements and Guidelines	I-21
Other Legal Requirements	I-24

Section II. Surveys and Studies

Part 1. Northern Spotted Owl	II-3
Literature Review	II-3
History of Surveys on the Elliott State Forest	II-6
Part 2. Marbled Murrelet	II-11
Literature Review	II-11
Murrelet Habitat on the Elliott and Adjacent Lands	II-13
History of Surveys on the Elliott State Forest	II-14

Section III. Developing the Conservation Strategy

Introduction	III-1
Goals for Fish, Wildlife, and Timber	III-2
Identification of Other Species of Concern	III-3
Description of Current Forest Conditions	III-8
Consideration of Alternative Strategies	III-10

Section IV. The Conservation Plan

Introduction	IV-1
The Conservation Strategy	IV-2
Scope of the Incidental Take Permit	IV-10
Level of Incidental Take and Other Impacts	IV-12
Minimization and Mitigation Measures	IV-29
Summary of Owl and Murrelet Minimization and Mitigation Package	IV-48
Implementation	IV-52

Tables

I-1.	Regional Vegetation Cover Types	I-6
I-2.	Regional Conifer Forests and Growing Stock	I-6
I-3.	South Coast Regional Population and Unemployment	I-7
I-4.	Sources of Personal Income in Coos and Douglas Counties in 1991	I-8
I-5.	Population and Household Characteristics of Coos and Douglas Counties, Compared to Statewide Statistics	I-9
I-6.	Land Use Classifications on the Elliott	I-14
I-7.	Special Use Lands on the Elliott	I-15
I-8.	Conservancy Lands on the Elliott	I-16
I-9.	Noncommercial Lands on the Elliott	I-16
I-10.	Conifer Acres by Age Class	I-19
I-11.	Non-Conifer Acres: Stand Information	I-19
II-1.	Fecundity Rates for Northern Spotted Owls in Ten Areas in Oregon	II-8
II-2.	Trend in Stands 80 Years or Older on Coos District State Lands	II-9
II-3.	Composition of Spotted Owl Prey Species on the Elliott	II-10
II-4.	Biomass of Spotted Owl Prey Species on the Elliott	II-10
III-1.	Other Species of Concern on the Elliott State Forest	III-4
III-2.	Key to the Alternatives	III-11
III-3.	Comparison of Spotted Owl NRF Habitat Maintenance Strategies	III-20
III-4.	Comparison of Spotted Owl Dispersal Strategies	III-21
IV-1.	Management Basin Strategies	IV-8
IV-2.	Riparian Strategy	IV-9
IV-3.	Strategy for the Management Basins	IV-16
IV-4.	Acres of 100+ Stands in Short Rotation Basins	IV-26
IV-5.	Measures to Minimize and Mitigate Possible Incidental Take	IV-51

Figures

I-1.	Land Ownership on Elliott State Forest	I-13
I-2.	Land Use Classifications on the Elliott	I-13
III-1.	Current Age Classes on the Elliott State Forest	III-9
III-2.	Harvest Levels — Alternative Comparison	III-17
III-3.	Matrix Acres — Alternative Comparison	III-18
III-4.	Reserve Acres — Alternative Comparison	III-19
IV-1.	Elliott State Forest Development Through Time	IV-18
IV-2.	Late Successional Development	IV-19
IV-3.	Harvest of 80 Year Plus Stands for Six Decades	IV-20
IV-4.	Northern Spotted Owl Habitat Removal and In-growth	IV-22
IV-5.	Spotted Owl Habitat	IV-23
IV-6.	Harvest of 100 Year Plus Stands for Six Decades	IV-24
IV-7.	Marbled Murrelet Habitat Removal and In-growth	IV-27
IV-8.	Murrelet Habitat	IV-28
IV-9.	Northern Spotted Owl Dispersal Habitat	IV-34
