		<input type="checkbox"/> Yes <input type="checkbox"/> No			

*Customers are reminded that forest tree seed may be damaged by poor handling, which may result in significantly reduced germination and performance. We may indicate particular quality information such as purity, germination rate, cut test, or X-ray results, but we cannot warrant specific results once the seed is no longer in our care. We promise to take every precaution to deliver your order in good condition. Liability is limited to the value of your order.*

<sup>1</sup> If YES, *Seed Bank seed purchases require nurseries to complete and submit a signed Seed Bank Purchase Agreement along with this order form.* Seed cannot be released until the Department of Forestry receives a signed copy of the agreement. The Seed Bank Purchase Agreement is a requirement to comply with existing stipulations that nurseries reserve seedlings produced from Seed Bank sources for family forest landowners *until December 15 of the year immediately preceding lifting.* Only after this date can surplus Seed Bank seedlings be released to other landowners. This requirement is intended to provide family forest landowners an opportunity to purchase Seed Bank seedlings.
