I-84: Sandy River – Jordan Road, Bundle 210, Region 1 Notice of Subcontracting Opportunities

The Oregon Department of Transportation is planning a bridge construction project in ODOT's Region 1 within the next six months.

I-84: Sandy River – Jordan Road, Bundle 210, is part of ODOT's OTIA III State Bridge Delivery Program. The project consists of the replacement of two bridges (06875 and 06875A) and the repair of two bridges (06945 and 06945A) on Interstate 84 in Multnomah County.

The cost of this project is estimated to be \$92 million. The anticipated construction bid let date is February 2010. It is estimated that construction will be complete in August 2013.

Contracting and subcontracting opportunities are potentially available on Bundle 210. The following is a general list of opportunities typically subcontracted on similar highway construction projects. This list is for reference only, as neither ODOT nor any awarded contractor is obligated to subcontract these specific scopes of work.

- Bridge demolition
- Bridge joints
- Concrete core drilling
- Concrete cutting/deck grinding
- Concrete repair/epoxy crack injection
- Earthwork
- Environmental
- Erosion and sediment control
- Fence fabrication and installation
- Geotech
- Guardrail
- MSE wall construction
- Ornamental protective fencing
- Paving
- Permanent lighting
- Permanent seeding
- Permanent striping and signage
- Ready mix concrete
- Reinforcing steel fabrication and installation
- Right of way
- Steel fabrication and erection
- Steel pipe pile supply and driving
- Storm and sewer/inlets
- Survey
- Temporary concrete barrier, reflectorized
- Temporary illumination/traffic signals
- Temporary striping
- Traffic control/flagging
