Notice of Subcontracting Opportunities

The Oregon Department of Transportation is planning a bridge construction project in ODOT's regions 4 and 5 within the next six months.

The project—OR 19: Mule Shoe Creek – U.S. 26: Dixie Creek, Bundle 426—is part of ODOT's OTIA III State Bridge Delivery Program. It consists of the repair of eight bridges in Wheeler and Grant counties: five bridges (02235, 02236A, 04979A, 04981A and 02233A) on Oregon 19, one bridge (03558A) on U.S. 395 and two bridges (02464 and 02466) on U.S. 26.

The cost of this project is estimated to be \$8.6 million. The anticipated construction bid let date is January 2010. It is estimated that construction will be complete in October 2011.

Contracting and subcontracting opportunities are potentially available on Bundle 426. The following is a general list of opportunities typically subcontracted on similar highway construction projects. This list is for reference only, as neither ODOT nor any awarded contractor is obligated to subcontract these specific scopes of work.

- Bridge joints
- Concrete core drilling
- Concrete cutting/deck grinding
- Concrete repair/epoxy crack injection
- Environmental
- Erosion and sediment control
- Fence fabrication and installation
- Guardrail
- Paving
- Permanent seeding
- Ready mix concrete
- Survey
- Temporary construction signing
- Traffic control/flagging
