

Chapter M

Fees

General fee information

The correct fee to collect for any transaction depends on the type of vehicle and the type of transaction being done. The most common transaction types are:

- Title transfer
- Registration (original or renewal)
- Plate replacement
- Plate transfer

Transaction examples:

If you are submitting an application for a vehicle with an out-of-state title and issuing Salmon plates, collect the following fees for the transaction:

Title fee (new to Oregon vehicle)
+VIN inspection fee
+Salmon surcharge for one or two plates
+Plate fee for one or two plates
+Registration fee for the vehicle type
=Total fee

If you are submitting an application for a vehicle with a current Oregon title, renewing the registration, and replacing the plates with tree plates collect the following fees for the transaction:

Title fee (Oregon title transfer)
+At-renewal replacement plate fee
+Plate fee for one or two plates
+Renewal (registration) fee for the vehicle type
=Total fee

Title fee information

The amount of the title fee is based on the vehicle type and weight and whether or not the title being replaced or applied for is a salvage title. It is necessary to know the weight of the vehicle even if the vehicle is not being registered.

1. Title fees for heavy motor vehicles are based on the gross vehicle weight rating (GVWR). A \$90.00 title fee is charged for the following vehicle types (referred to as "Heavy Vehicles"):
 - Trailers with a loaded weight over 8,000 pounds (this does not apply to other vehicle types such as special use trailers and travel trailers).
 - Motor vehicles with a gross vehicle weight rating (GVWR) over 26,000 pounds (this applies to all truck, bus, and motorized heavy fixed load title transactions, but this does not apply to motor homes).
2. Title fees and replacement title fee for all other vehicles not described above is \$55.00 (referred to as "Regular Vehicles"). Salvage certificate fee and replacement salvage certificate fee for all vehicle types is \$17.00.

Title fees

Regular Vehicle Title.....	\$55
Regular Vehicle Replacement Title.....	\$55
Regular Vehicle Replacement Title w/ Transfer.....	\$110
Heavy Vehicle Title	\$90
Heavy Vehicle Replacement Title	\$90
Heavy Vehicle Replacement Title w/ Transfer	\$180

Replacement Salvage Certificate w/ Salvage Transfer	\$34
Replacement Salvage Certificate w/ Transfer to Regular Vehicle Title	\$72
Replacement Salvage Certificate w/ Transfer to Heavy Vehicle Title	\$107
Regular Vehicle Replacement Title w/ Transfer to Salvage Certificate*	\$34
Heavy Vehicle Replacement Title w/ Transfer to Salvage Certificate*	\$34
Expedite fee - for odometer reasons only (mail only)	\$10
Title correction to add survivorship	No fee
Title correction to change vehicle description made in error	No fee
Title correction of a DMV error, for example, misspelled name	No fee
Title correction (not DMV error)	depends on vehicle type

*By law, DMV can only produce a Salvage Certificate once we have notification that a vehicle is totaled. Consequently, we cannot issue a regular replacement title and transfer to Salvage Certificate in one transaction. Therefore, we will only collect the replacement salvage fee along with the salvage issuance fee (\$17 + \$17 = \$34).

Four-year registration fee information

The following new vehicles are subject to four-year registration, for the first registration period (see [Chapter K](#) for more background information):

- Passenger vehicles (including electric and hybrid)
- Light trailers
- Mopeds (all motive power types, including electric and hybrid)
- Motorcycles (excluding electric or hybrid)

The registration fee will double in addition to any surcharges or special fees (such as the custom plate fee). The surcharge for Crater Lake and Cultural plates is NOT doubled. After the initial four-year registration period, the renewal will revert back to a two-year registration period.

Exceptions to four-year registration:

- Vehicle types not listed above
- Plate transfers
- Vehicles applying for permanent registration
- Rental or leasing companies that elect to initially register new passenger vehicles for a one or two year period

Tree (Graphic), Oregon Trail, Salmon, Crater Lake and Cultural Plates

"Graphic" plates terminology

The Tree plate was the original graphic plate. When mentioned in older DMV literature, "graphic" means the Tree plate.

Tree plates

Tree plates are issued:

- For light trailers (only option available)
- For passenger vehicles, both regular issue and custom
- As background for most non-veteran related group plates
- As background for National Guard plates and Elected Official plates
- As background for Disabled Veteran plates (full size only; not moped or motorcycle)

When tree plates are issued in **conjunction with original registration** (new vehicles or new to Oregon) there is no replacement fee. The fees that should be collected are the plate fee and the registration fee (see fee charts), and custom or group plate fee, if applicable.

When tree plates are issued or replaced in **conjunction with the renewal** of the registration plates, the at-renewal replacement fee of \$5.00 per transaction is charged in addition to the plate fee and registration renewal fee, and custom plate or group plate fee if applicable.

Tree replacement plate fee example:

Replacement at renewal			
	Replacement fee	Plate fee	Total
One plate	\$5	\$3	\$8
Two plates	\$5	\$5	\$10
Replacement between renewal			
	Replacement fee	Plate fee	Total
One plate	\$10	\$3	\$13
Two plates	\$10	\$5	\$15

If the customer wishes to apply for replacement tree plates at any time between renewals, they will pay the between-renewal replacement fee of \$10 in addition to the plate fee.

The plate fee is \$3 for vehicles requiring one plate, and \$5 for vehicles requiring two plates.

Group plates *(issued only to passenger vehicles)*

To assist a customer in applying for Group plates, for more information about qualifying for a group plate, and for group plate transfer information, see [Chapter K](#).

Group plates are issued only for passenger vehicles. Veteran related group plates are issued on a white background with a military insignia. Most non-veteran related group plates are issued on the tree plate, except Gold Star Family plates and Share the Road plates, which have a different design. Many of the veteran group plates have specific eligibility requirements; contact DMV for more information about eligibility.

When the plates are issued or renewed, a surcharge is collected (see [surcharge fee chart](#) in this chapter), which goes into an account for the group.

When Group plates are issued or renewed, a surcharge is collected. See [surcharge fee chart](#) in this chapter for exception and more information..

When group plates are issued in conjunction with original registration (new vehicles or new to Oregon) the fees collected are the surcharge, the plate fee and the registration fee.

When group plates are issued, or replaced (customer is replacing a group plate with a different type of group plate) — either with the renewal or between renewals — the fees collected are the replacement fee, group plate surcharge, plate fee, and if at renewal, the registration renewal fee.

When group plates are replaced with the same type of group plate, either with the renewal or between renewals, the fees collected are the replacement fee, plate fee and registration renewal fee (if at renewal).

No group plate surcharge is charged when replacing a group plate with the same type of group plate.

For more information on surcharges, see surcharge fee chart later in this chapter.

National Guard plates

Active Members of the Oregon National Guard are eligible for National Guard plates. National Guard plates are issued on tree plates for passenger vehicles and motor homes. One of the owners on the title must qualify for the plate. If there is a lessor and lessee on the title, the lessee must qualify for the plate. The qualified applicant must submit a completed Oregon Military Department Certificate of Eligibility, AGO Form 4309, issued by the Oregon Military Department. For more information and for plate transfer information, see [Chapter K](#).

The fee for National Guard plates is the same as for regular tree plates:

Passenger, Original.....	\$59
Passenger, Replace w/ Renewal	\$64
Passenger, Replace w/o Renewal	\$15
Motor Home, Original	\$5 + registration fee
Motor Home, Replace w/ Renewal.....	\$10 + renewal fee
Motor Home, Replace w/o Renewal.....	\$15

Government Vehicle plates

The registration fees for government vehicle plates (E plates) are:

Original plates (one-plated vehicle)	\$6.50
Original plates (two-plated vehicle)	\$8.50

Oregon Trail plates

On November 4, 1993, DMV began issuing the Oregon Trail license plate. Oregon Trail plates are no longer issued but still may be renewed and transferred. See [Chapter K](#) for information about plate transfer requirements.

Salmon plates

Salmon plates or custom Salmon plates may be issued for passenger vehicles. Passenger vehicles may also have Ham configuration on Salmon background. The Salmon plate surcharge is distributed to two funds: half to the Oregon Watershed Enhancement Board and half to the State Parks and Recreation Department Fund. Salmon plates may be transferred to another vehicle of the same type - see [Chapter K](#) for

plate transfer requirements.

When Salmon plates are issued in conjunction with original registration (new vehicles or new to Oregon) the fees collected are the surcharge of \$7.50 per plate per year of the registration period, the plate fee and the registration fee.

When Salmon plates are issued to an Oregon-registered vehicle, the fees collected are the replacement fee, the Salmon plate surcharge, plate fee, and, if at renewal, the registration renewal fee.

When Salmon plates are replaced (customer already has Salmon plates), the fees collected are the replacement fee, plate fee, and, if renewing, the registration renewal fee. No surcharge fee is collected if the customer already has Salmon plates.

When Salmon plates are initially issued or renewed, a surcharge of \$7.50 per plate per year of the registration period is collected. See [surcharge fee chart](#) in this chapter.

Crater Lake plates (*Crater Lake plates are issued only to passenger vehicles*)

Crater Lake plates or custom Crater Lake plates may be issued for passenger vehicles. Passenger vehicles may also have Ham configuration on Crater Lake background. **The surcharge is required only when the plates are initially issued.** The surcharge is not doubled when issuing Crater Lake plates on a vehicle with four-year registration. The surcharge is distributed to the Oregon Community Foundation for use on Crater Lake National Park projects. Crater Lake passenger plates may be transferred to another vehicle of the same type - see [Chapter K](#) for information about plate transfer requirements.

When Crater Lake plates are initially issued, a surcharge of \$10.00 per plate is collected. See [surcharge fee chart](#) in this chapter.

When Crater Lake plates are issued in conjunction with original registration (new vehicle or new to Oregon) the fees collected are the surcharge of \$10 per plate, the plate fee and the registration fee.

When Crater Lake plates are issued to an Oregon-registered vehicle (customer does not already have Crater Lake plates), the fees collected are the replacement fee, the Crater Lake plate surcharge, plate fee, and, if renewing, the registration renewal fee.

When Crater Lake plates are replaced (customer already has Crater Lake plates), the fees collected are the replacement fee, plate fee and, if at renewal, the registration renewal fee. No surcharge is collected if the vehicle already has Crater Lake plates.

Cultural plates (Cultural plates are issued only to passenger vehicles)

Cultural plates or custom Cultural plates may be issued for passenger vehicles. Passenger vehicles may also have Ham configuration on Cultural background. The surcharge is distributed to the Trust for Cultural Development to fund specific arts, heritage, and humanities programs. Cultural plates may be transferred to another vehicle of the same type - see [Chapter K](#) for information about plate transfer requirements.

The Cultural plate surcharge does not double with four-year registration. The surcharge is collected at initial issuance and at each renewal.

When Cultural plates are issued in conjunction with original registration (new vehicle or new to Oregon) the fees collected are the surcharge of \$15 per plate, the plate fee and the registration fee.

When Cultural plates are issued to an Oregon-registered vehicle (customer does not already have Cultural plates), the fees collected are the replacement fee, the Cultural plate surcharge, plate fee and, if at renewal, the registration renewal fee.

When Cultural plates are replaced (customer already has Cultural plates), the fees collected are the replacement fee, plate fee, and, if at renewal, registration renewal fee. No surcharge is collected if the vehicle already has Cultural plates.

When Cultural plates are initially issued or renewed, a surcharge of \$10.00 per plate is collected. See [surcharge fee chart](#) in this chapter.

Heavy Motor Vehicles and Buses Fee Schedule
FORM 735-6013

Fee Schedule
Heavy Motor Vehicles and Buses

Registration fees for most motor vehicles required to establish a registration weight are based on this fee schedule. The back of this form contains information on which vehicle types must use this fee schedule and how to determine a vehicle's registration weight. If the vehicle does not already have Oregon registration plates, a plate fee also is required.
