DMV Administrator's Office 1905 Lana Avenue NE Salem, Oregon 97314

Vol. 18 No. 1 January 2007

DEALER LICENSE PLATES ARE GETTING A NEW LOOK • Dealers spoke up and DMV listened. Starting January 2007, Oregon Auto and Motorcycle Dealers will start receiving DEALER license plates with a new look. The background will be silver with black numerals and the word DEALER will be added to the bottom of the plate. The change to the look of the dealer license plate was requested by the Oregon Dealer Advisory Committee in hopes of making the plate more recognizable to Law Enforcement. Law Enforcement should expect to begin seeing the new dealer plates in late January.

The previous dealer plate with the yellow background and blue numerals will continue to be valid and renewable.
