DATE

To qualify for group plates to be issued, a group must be a non-profit veterans organization that:

- a.** Has an established membership that includes officers and bylaws;
- b.** Is physically located in Oregon or has a chapter that is physically located in Oregon; and
- c.** Represents veterans of the Armed Forces of the United States, or is established for the purpose of supporting or recognizing such veterans.

NAMES OF OFFICERS/OFFICIALS

List the name and address of the officer/official authorized to speak on behalf of the group in matters affecting group plates. All groups must notify DMV anytime there is a change in the name or address of the officer/official.

ACCOUNT INFORMATION

A surcharge will be collected by DMV upon sale of these plates. Groups may specify an account into which the net proceeds from the sale of the plates should be deposited. If no account is specified in the Account Information section, DMV will deposit the proceeds into the Oregon Veterans' Home Account as provided by state law. If your group chooses to receive the net proceeds from the plates, you must attach a voided check from the account into which these proceeds may be electronically deposited.

PLATE ESTIMATE

Estimate the number of sets of plates that DMV can expect to sell within the first 12 months. DMV may set a maximum number of sets that can be ordered at any one time due to storage limitations.

PLATE DESIGN

Provide the word(s) or initials which are to appear on your group's plate. These words must name or describe your group and may not contain expressions of political opinion or religious belief. Words must fit into a 3" x 3" area. Readability becomes difficult for letters less than 1/2" tall and for words with more than 8 characters. If your group is using a military-related decal, you must supply a color copy of the logo plus a camera ready separation and a digital file.

SALE OF PLATES

Any individual will be allowed to apply for group plates unless a group requests restrictions. Restrictions may be service connected (e.g., Vietnam Veterans' group might request that applicants be a survivor from the 1st Cavalry Division to get their group plate). Restrictions may **not** be based on membership (e.g., applicant will not be required to be a member of a veterans' club or association if they are otherwise eligible).

Veteran group plates are manufactured on white background with an American flag and word Veteran at the bottom of the plate. The plates will contain a generic plate configuration of 4 letters. This is an example of what the plate will look like.
