

# Introduction to the Access Management Manual

---

**Purpose** The purpose of this manual is to provide the relevant documents to those who are working in access management.

---

**Documents** This manual contains several documents that are updated frequently:

- Chapter 2 – Legal and Policy Overview
- Chapter 3 - PD – 03 (Project Directive regarding access management in ODOT projects)
- Chapter 4 – Approach Permitting (The permitting process)
- Chapter 5 – Development Review Guidelines (Staff guidance for responding to local land use decisions).

---

**Updates** The documents are updated frequently to reflect rule changes and legal interpretations. Changes in the manuals occur because rules regulating access management may change, laws involving access management may be interpreted in a new way or new policy directives may be written.
