

Proposal for BDDM – Stem Steel
 Prepared by Craig Shike & Bill Bennett, October 23, 2009

Modify Figure 1.1.13.3A as follows:

INTERIM REINFORCING STEEL

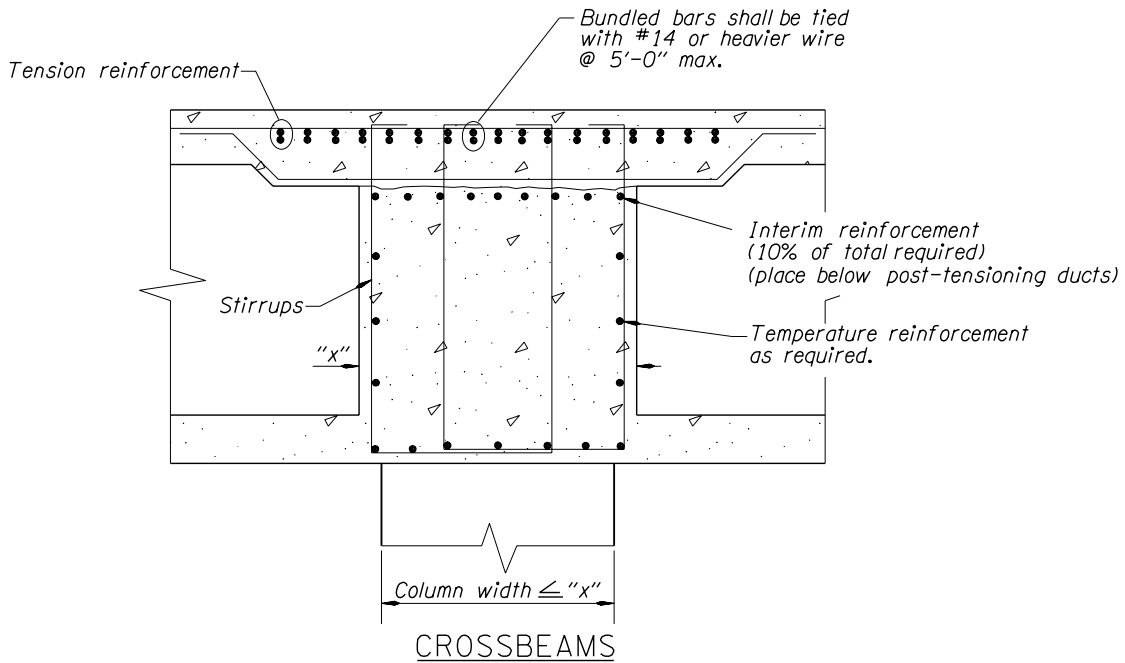

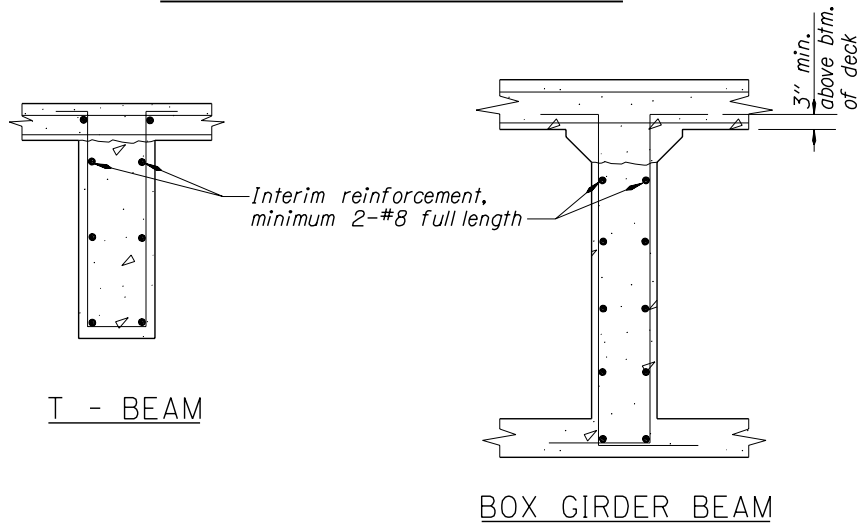

Figure 1.1.13.3A

Background

The box girder beam stirrup detail has been revised to match changes previously made to precast girders as shown on Figure 1.1.14.2C. This change will improve constructability of box girders.
