## **01092.10 – Stormwater Control Facilities**

### **General**

We maintain a list of Stormwater treatment devices used to reduce the amount of pollutants of concern from highway runoff. We have found the Emerging Stormwater Treatment Technologies Evaluation Program developed by Washington State's Department of Ecology meets our needs in selecting treatment devices. In order to be placed on our Qualified Products List (QPL) or Conditional Products List (CPL), we require you to be approved by the Washington State Department of Ecology (WSDOE).

Product Name: \_\_\_\_\_

Pick the category that best fits your product:

<u>WSDOE Category</u>	(is equal to the)	<u>ODOT Category</u>
<input type="checkbox"/> Pretreatment ----->		Sediment Pretreatment
<input type="checkbox"/> Oil Treatment ----->		Oil Treatment
<input type="checkbox"/> Basic Treatment ----->		Suspended Solids Treatment
<input type="checkbox"/> Enhanced Treatment ----->		Dissolved Metals Treatment
<input type="checkbox"/> Phosphorous Treatment ----->		Phosphorous Treatment
