

Standard Guidelines for Product Review
Concrete Modifier, Styrene-Butadiene Latex;
Section 02035.10
November, 2016

02035.00 - Styrene-Butadiene Latex

ODOT keeps a list of Styrene-Butadiene Latex on the Qualified Products List (QPL).

Latex shall be a non-toxic, film-forming, polymeric emulsion in water to which all stabilizers have been added at the point of manufacture. It shall be homogeneous and uniform in composition, and meet the requirements of FHWA RD-78-35.

To apply for inclusion on the QPL, submit the following:

- [Preliminary Information for Product Evaluation Form](#).
- Independent test results of representative samples showing compliance with specs listed above.
- Send us a copy of your QC program.
- Send us a copy of your brochures and MSDS, including packaging and installation instructions.

No samples are required at this time.

Submit all documentation to:
