

Standard Guidelines for Product Review

Guardrail End Terminals;

Section 02820.00

December 4, 2007

02820.00 – Guardrail End Terminals

ODOT maintains a list of products suitable for use in guardrail installations to safely terminate the ends. It is assumed that products in this category will connect easily with existing W-Beam. You should check our Standard Drawings to verify compatibility.

ODOT Standard Drawings:

http://www.oregon.gov/ODOT/HWY/ENGSERVICES/standard_drawings_home.shtml

To Apply for inclusion on the QPL, submit the following:

- [Preliminary information for Product Evaluation Form](#).
- A copy of this form with the required information filled in.
- [Crashworthiness Approval Letter from FHWA](#).
- Spec data sheet (and or brochures).
- Detailed installation instructions, including a shop drawing.
- List of limitations and precautions.
- Statement of compatibility with our typical guardrail requirements.
- Description of your QC program.

NCHRP 350 Test Level _____

Energy Absorbing: No Yes

Length: _____

Flared: No Yes Flare Width: _____
