Salem, OR 97301-4798

503/986-3059

ODOT does not have a system for pre-approval of proprietary **Sound Walls** at this time. We do not keep a list of approved walls on the Qualified Products List (QPL).

We rely on our nonproprietary standard sound wall designs, which include masonry sound walls and precast concrete panel sound walls.

You can find information on our Retaining Wall program at:

http://www.oregon.gov/ODOT/HWY/GEOENVIRONMENTAL/retaining_structures.shtml

The ODOT Geotechnical Design Manual (GDM) at the following link has information on wall systems.

http://www.oregon.gov/ODOT/HWY/GEOENVIRONMENTAL/geotechnical_design_manual.shtml#GDM_Downloads

Our Standard Drawings for walls are at:

http://www.oregon.gov/ODOT/HWY/ENGSERVICES/bridge_drawings.shtml#Bridge_700_Walls

If you have technical questions about this category, you can contact:
