

MANUAL OF FIELD TEST PROCEDURES

Welcome to the website for the Manual of Field Test Procedures. The Manual of Field Test Procedures is used in conjunction with contract plans, specifications, and the [Construction Manual](#).

Below provides electronic versions of the manuals, starting with the 2006 version. These files are searchable and have been set up to print two-sided. You can look at the entire manual or just the updates for each year. If you have technical questions regarding this manual, please contact Sean Parker by [e-mail](#) or by phone at 503.986.6631. If you have problems with this website, please contact Lori Butler by [e-mail](#) or by phone at 503.986.3007.

You can purchase a hard copy of the manual by completing the form at the following web address: http://www.odot.state.or.us/ffp/cs/opo/contractor_plans/ManualSubmitOrder.htm

Full Copy of Manual	Update Package
2008 Full	2008 Update Package
2007 Full	2007 Update Package
