November 2015	\$466.00	\$443.00
December 2015	\$456.00	\$438.00

How to determine the Base Price:

According to Special Provision subsection 00195.10(b), the Base price is the published price for the month immediately preceding the bid opening date. So, the Base price for projects bid in October 2003 is the September 2003 MACMP published amount.

Use the Poten Boise Idaho numbers when any portion of a project is in District 13 or District 14.
Use the Poten Pacific Northwest numbers on all other projects.
