**Subject: Washington County Intelligent Transportation System Plan
Final Report**

P04007-001-000

Dear Mr. Morast:

We are pleased to submit this final report for the Washington County Intelligent Transportation System Plan. This binder provides the results of the six major task activities: 1) public outreach; 2) assessment of existing conditions; 3) user needs assessment; 4) ITS system architecture; 5) Five-year implementation plan; and 6) final report. In addition to this binder and the introduction and summary, a CD has been provided and includes the following electronic documents prepared throughout the course of the project:

- Final Report and Appendices
- Meeting Minutes
- PowerPoint Presentations From Meetings and Workshop
- ArcView Figures
- Turbo Architecture Database

We want to thank you for the opportunity to assist you with the development of this plan. We would also like to thank Washington County and the members of the Steering Committee for all their help during this study. We enjoyed working with you and are looking forward to assisting you on future ITS projects in Washington County. If you have any questions, please feel free to give Peter Coffey, Scott Mansur or me a call at (503) 243-3500.

Sincerely,

Jim Peters, P.E.
ITS Engineer
