

Appendix K: Architecture Flows

CONTENTS

Rogue Valley Regional ITS Architecture Flows
(Contains customized architecture flow output from the *Turbo Architecture 3.0* database file.)

Regional Architecture

6/22/2004 3:16:08PM

Rogue Valley Regional ITS Architecture

This architecture includes the current (2004) RVMPD Boundary, which includes the Cities of Medford, Central Point, Eagle Point, Jacksonville, Phoenix, Talent, and Ashland.

FlowName: request for road network conditions*	Status: Planned	In Regional Architecture
