

# PARTNERS IN THE PROJECT

The Governor's  
Office

<http://www.governor.oregon.gov>

Governor Ted Kulongoski's legacy in renewable resource development includes being the first governor in the nation to direct state agencies and public universities to meet their electrical needs with 100 percent renewable resources.

Oregon  
Department of  
Transportation

<http://www.oregon.gov/ODOT>

ODOT is meeting the Governor's challenge through public-private partnerships to develop solar energy projects. The Oregon Solar Highway is the first.

Portland General  
Electric

<http://www.portlandgeneral.com>

PGE is the managing private partner working directly with ODOT on the Project. PGE and UFA Energy Fund have formed "SunWay 1, LLC," an Oregon Limited Liability Company

Portland General Electric

U.S. Bank

<http://www.usbank.com>

U.S. Bank is the tax equity investor in the UFA Energy Fund

SolarWay

**SolarWay** a consortium of

**Aadland Evans**  
constructors, Inc.

<http://www.aadlandevans.com>

<http://www.moyanogroup.com>

The project will be designed, constructed and installed by SolarWay, a "turn-key" solar energy Engineer/Procure/Construct (EPC) consortium consisting of four Oregon firms: Aadland Evans Constructors, Inc. of Portland as the EPC contractor; Moyano Leadership Group, Inc. of Salem as the project manager and design leader; Advanced Energy Systems of Eugene as the solar power specialty designer and installer; and Good Company of Eugene as the community and sustainability specialist.

# PARTNERS IN THE PROJECT

Energy Trust  
of Oregon

<http://www.energytrust.org>

The ETO is providing utility incentive funding to the project, and in return will receive the renewable energy certificates which will eventually be retired on behalf of PGE's customers.

Oregon  
Department of  
Energy

<http://www.oregon.gov/ENERGY>

The Oregon Department of Energy manages the Business Energy Tax Credit program, without which the project could not be financed. ODOE has also contributed solar energy expertise and technical guidance.

SolarWorld AG

<http://www.solarworld-usa.com>

SolarWorld AG of Hillsboro is supplying the 594 solar panels to the project.

PV Powered

<http://www.pvpowered.com>

PV Powered of Bend is supplying the inverter for the project.

United Fund  
Advisors

<http://www.unitedfundadvisors.com>

United Fund Advisors has structured the financing of the federal and state tax credits for U.S. Bank.
