The Oregon Department of Transportation's Office of Civil Rights has opened a toll-free, bilingual phone line so that Oregonians interested in highway construction jobs can find out about employment or apprenticeship opportunities with ODOT's contractors on highway construction projects. When people dial 1-877-972-5700, callers will hear a greeting and can leave a message in English or Spanish. Within 48-hours, they will hear back from a civil rights specialist in their location telling them about employment and apprenticeship opportunities in their area and how to get involved.
