Things to know about 82nd Avenue:

Roses! In 2005, the highway was renamed “82nd Avenue of Roses.” It connects NE Airport Way Frontage Road in Portland to I-205 in Gladstone.

Travel safely. 82nd Avenue is a busy highway, used by trucks, personal vehicles, buses, bikes, and pedestrians. All travelers need to be aware of one another to ensure safe travel.

The economy is growing. 82nd Avenue has grown from a small two-lane highway to the busy north/south connection that it is today. With more travelers comes more congestion.

It takes a team. ODOT works with partners (City of Portland, Clackamas County, TriMet, and others) to provide a safe, efficient, multi-modal transportation system that supports economic opportunity and a livable community.

Questions/concerns? Call 888-ASK-ODOT (275-6368) with any questions/concerns. For information about 82nd Avenue, visit
