

Glenn Jackson Bridge INTERSTATE 205 Joint Repairs

June 2010

Below is a list of the scheduled weekend two-lane closures on the I-205 Glenn Jackson Bridge.

**This schedule is subject to change due to weather or other factors. (In addition to the weekend two-lane closures, the contractor will close lanes during weeknights, too.)

Please check www.tripcheck.com or the project Web site: <http://www.oregon.gov/ODOT/HWY/REGION1/GlennJackson/> for the latest closure information.

During the weekend two-lane closures, the I-205 multi-use path will remain open to pedestrians and cyclists. The path may be narrowed at some points, so please use caution when approaching the work zones.

1. Friday, April 30, 10 p.m. – Monday, May 3, 5 a.m. – right two lanes closed northbound [traffic control switch, temporary striping].
2. Friday, May 7, 10 p.m. – Monday, May 10, 5 a.m. – right two lanes closed northbound [bridge joint installation].
3. Friday, May 14, 10 p.m. – Monday, May 17, 5 a.m. – right two lanes closed northbound [bridge joint installation].
4. Friday, May 21, 10 p.m. – Monday, May 24, 5 a.m. – right two lanes closed northbound [bridge joint installation].
5. Friday, June 4, 10 p.m. – Monday, June 7, 5 a.m. – alternating left and right two-lane closures northbound (two lanes will always be open northbound) [traffic control switch, permanent striping northbound]
6. Saturday, June 12, 10 p.m. – Monday, June 14, 5 a.m. – The contractor may use alternating left and right two-lane closures northbound (two lanes will always be open northbound) [traffic control switch, permanent striping northbound]. The shortened schedule this weekend is to minimize impacts from the Rose Festival in Portland.
7. Friday, June 18, 10 p.m. – Monday, June 21, 5 a.m. – left two lanes closed northbound [bridge joint installation].
8. Friday, June 25, 10 p.m. – Monday, June 28, 5 a.m. – left two lanes closed northbound [bridge joint installation].

—more—

9. Friday, July 9, 10 p.m. – Monday, July 12, 5 a.m. – alternating two-lane closures northbound AND right two lanes closed southbound. These closures will NOT occur simultaneously during the weekend. [permanent striping northbound and traffic control switch southbound].
