

# I-405: PRESERVATION PROJECT

## THE STADIUM FREEWAY

### FREMONT BRIDGE TO MARQUAM BRIDGE

ODOT has begun work on a repaving project on I-405 from the Marquam Bridge to the Fremont Bridge. The project will include repaving of I-405 travel lanes and on and off ramps, and installation of new lighting and signs. It does not include work on the Marquam or Fremont bridges. Work is scheduled to be completed by the end of 2009.

**Closures:** Construction work will require four weekend full single-directional (north or south) closures, shown in the chart (*reverse*). During the full directional weekend closures, I-405 will be completely open in the opposite direction. Weekend closures are weather dependent (*check website for updates*). Single-lane nighttime closures will also occur throughout the duration of the project.
