

I-405: Fremont Bridge

Upper Deck Paving Project

- The project will require **three weekends of full closure of the top deck of the Fremont Bridge** (I-405 south). However, I-405 south will remain open between the US 30 on-ramp and the I-5 interchange at the south end of the City of Portland.
- The weekend full closures will **start at 11 p.m. on Friday and end at 5 a.m. on Monday**. **Three more weekends will have two-lane closures** on the southbound direction of the I-405 Fremont Bridge. There will also be **several weeknight of multiple lane closures**.
- The contractor is not allowed to close lanes before 11 p.m. when there are events at the Rose Garden Arena (other than the full closure weekends of the Fremont Bridge south).
- During full weekend closures and some partial weekend closures, the **ramp from I-405 south to US 30 west will be closed**.
- The project has been **combined with a paving and bridge repair project on I-5** in the Rose Quarter area to avoid closures of both sections of the freeways in 2011. The Fremont Bridge project will take place in 2011; the I-5 Rose Quarter full weekend closures will take place in 2012.
- **Full bridge closures will NOT take place over these weekends:** Rose Festival (June 11), July 4th, Bridge Pedal (Aug. 14), Hood to Coast (Aug. 26), Labor Day, Race for the Cure (Sept. 18), and Portland Marathon (Oct. 9).

Possible Weekend Fremont Bridge Closures (Southbound direction only, top deck)

Weekdays	Saturday	Sunday
June 27 - July 1	7/2 – Bridge open	7/3 – Bridge open
July 4 - 8	7/9	7/10
