TRAFFIC ADVISORY

Expect 20-minute traffic stops on OR 213 in Mulino

Drivers will be delayed Thursday as contractor places bridge beams

The contractor working on the Milk Creek Bridge Replacement project in Mulino will place bridge beams on the west side of the Milk Creek Bridge on Thursday, April 28.

This work will require stopping traffic on Highway 213 in both directions for 20 minutes at a time between 9 a.m. and 3 p.m. as the contractor uses a crane to lift the beams off a truck and place them on the bridge piers.

June 17, 2010, the contractor placed bridge beams on the east side of the existing Milk Creek Bridge - ODOT
