

Traffic Advisory

HIGHWAY 224 LANE CLOSURES BEGIN

A contractor with the Oregon Department of Transportation is starting a project to add turn lanes and widen the shoulders along a half-mile stretch of Highway 224 between Goosehollow Drive and Eckert Lane near Carver (milepost 8.39-8.81). The project starts Monday, Nov. 13 and is expected to be finished by Dec. 31, 2006.

The contractor will close one lane of Highway 224 during weekday construction hours of 9 a.m. to 3 p.m. in the project area. Flaggers will direct eastbound and westbound motorists through the work zone during the lane closure. Both lanes of Highway 224 will be open during non-work hours.
