

TRAFFIC ADVISORY

Maintenance lifts on the Interstate Bridges

Nighttime lifts will take place June 23-26 on both directions of I-5/Interstate Bridges

Oregon Department of Transportation crews will use nightly multiple lifts on the Interstate Bridges for cable greasing and other regularly scheduled maintenance activities next week. The lifts will take place on the northbound and southbound I-5/Interstate Bridges, mile post 308, connecting Oregon and Washington.

- ◆ The lifts will begin the night of Monday, June 23, and continue through the night of Thursday, June 26. All lifts will take place between 10 p.m. and 5 a.m.
- ◆ Each night there will be multiple lifts of about 15-20 minutes each. This work is weather dependent.

Motorists on I-5 should expect delays during this work. Please consider using the Glenn Jackson Bridge/I-205 as an alternate route.
