

What are the improvements?

Right-turn and bike lane example

Widen Quince Street to build a dedicated right-turn lane onto Pacific Avenue, along with a standard bike lane

Benefit: Reduce congestion at the intersection by providing a dedicated lane for right turners. Build a safer space for people on bikes.

Widen Pacific Avenue to build a standard right-turn lane onto Quince Street, along with a standard bike lane

Benefit: Reduce congestion at the intersection by providing a dedicated lane for right turners. Build a safer space for people on bikes.
