- ✓ **Key milestones:**
Bid Let Date – 1/2012
Construction – Spring & Summer 2012
- ✓ **Cost Estimate :**
\$678,000

9/18/2006 Hwy 009 (1) Oregon Coast MP 84.990 US 101

KEY CONTACT PERSON

Melissa Sutkowski (503) 325-4289

PROJECT PURPOSE AND NEED

The existing bridge is thought to be historic. No seismic retrofits have been added to the structure. Additionally, the existing three beam rail limits visibility and there is some damage to the concrete bridge deck.

CONSTRUCTION OVERVIEW

This project will overlay the existing bridge deck, replace the three beam rail with two tube rail, and construct a phase 1 seismic retrofit. The two tube rail will increase visibility across the bridge.
