*March 2010 Update*

We would like to take a moment and let you know how ODOT is listening to the needs of Lincoln City.

## PROJECT UPDATE

- Lincoln City staff, ODOT and FHWA met earlier this month to discuss the conceptual layout. You can view the conceptual layout [online](#) under information about the facility plan.

After our discussion, we feel ready to present the information to City Council for their concurrence.

We will be on the City Council agenda for March 22, 2010. They meet at 7:00pm in the City Hall Council Chambers, 801 SW Hwy 101 in Lincoln City.

Once we have City Council concurrence on the conceptual layout, we can begin developing the Facility Management Plan. Moving forward with developing the facility plan includes a public meeting and a public hearing later this year.
