

US101: SE 16th-SE 36th Street (Lincoln City)

September 2009 Update

The project team is working on design details for the five lane facility plan.

PROJECT UPDATE

- The project team is working on the five lane alignment for the facility plan that identifies future highway improvements needed between 12th Street and High School Drive within the next 20 years. This includes city street connections and proposed raised medians. Lincoln City will be asked to adopt the facility plan as part of the city's larger transportation plan.

www.ODOTproject.info

- Part of finalizing the five lane alignment will include a meeting with the city council to review the proposed raised medians before Lincoln City is asked to adopt the plan. We will send out meeting time and date details so the public can attend.

UPCOMING

We will update community members on the progress of the project and will let CAC members know when the next CAC meeting will take place. We do not have an anticipated date for the next meeting.

Anyone is welcome to join the update list, so please encourage your friends or neighbors that you think would like more information to sign up.

Just have them send an e-mail to Joanna.D.Ridgway@odot.state.or.us with their name and e-mail address or mailing address to be added to the list.
