

# Highway Project Information

**Area 4 Project Office: Corvallis** (541) 757-4104  
State Highway Development and Construction in Linn, Benton and Lincoln Counties

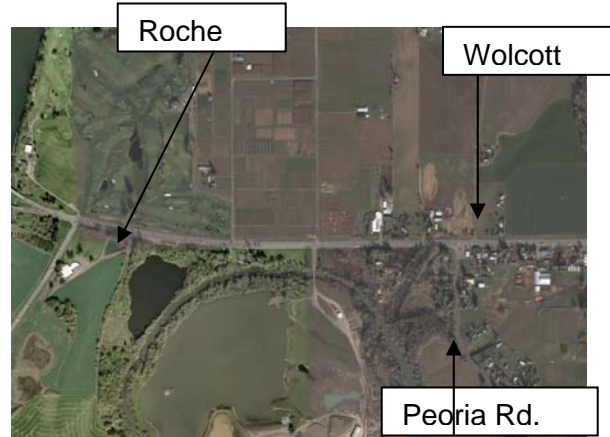

## OR34 Roche Street Wolcott Road

### Project location

- This project is located on Hwy OR34 (State hwy 210) Between the Corvallis bypass intersection and Wolcott Road, MP 0.42 - 1.21.

### Project purpose and need

- This section of highway has serious safety concerns and had been designated as an expressway. This project will increase safety by reconfiguring access to the highway. This will be accomplished by constructing a frontage road on the north side of Highway 34. Wolcott Road will be re-aligned to "T" up with Peoria Road. The northbound part of the intersection will be expanded, and the signals will be upgraded.

### Construction overview

- Construct frontage roads north and south of Highway 34. Wolcott Road will be realigned with the intersection of Peoria Road. The signal at this location will be reconstructed.
- During construction, traffic will be staged to maintain flow during normal working hours. Flaggers and lane transitions should be expected. Night work is possible.
- No height, weight or length restrictions are anticipated at this time.

### Cost estimate

- Estimated construction cost is \$4,625,000
- Federal and State funds will pay for the development and construction of this project.

### Key project milestones

Summer 2005-2009	Environmental research
2005-2010 Public Open House may be presented. Dates and times will be announced as they are scheduled.	Project Design
Winter 2008-Summer 2010	Right of Way Acquisition
Winter 2010	Project Bid Date
Summer 2011	Start Construction
Fall 2012	End Construction
