State Highway Development and Construction in Lane County

K16107 McVay Highway at 30th Signal replacement

Updated 03-22-11

Project location

The project is located in Lane County and is to reconstruct the signal.

Project purpose and need

Existing traffic signal is old and in need of reconstruction

Construction overview

This project will replace the signal located at McVay Highway intersection with 30th Ave. and the Southbound Interstate 5 on-ramp. Pavement widening for turning radius improvements, guardrail replacement on all four corners of the intersection, guardrail transition upgrades to the 30th Ave overpass structure, and sign replacement/additions.

Cost estimate

1.5 million
