

APPENDIX B

Information Sources

Appendix B: Information Sources

The LFEIS builds on the Location Draft EIS (LDEIS), “Bypass Element Location (Tier 1) Draft Environmental Impact Statement: Newberg-Dundee Transportation Improvement Project,” Oregon Department of Transportation. September 2002.

This Location Final Environmental Impact Statement (LFEIS) summarizes the technical memoranda listed below. Each full technical memorandum is lengthier and more detailed than its representative sections in the LFEIS.

Air Quality Technical Memorandum

Historic and Archaeological Resources Technical Memorandum

Energy Technical Memorandum

Fisheries Technical Memorandum

Geologic / Seismic Hazard Evaluation Technical Memorandum

Hazardous Materials Evaluation Technical Memorandum

Land Use Technical Memorandum

Noise Technical Memorandum

Noxious Weed Evaluation Technical Memorandum

Preliminary Cost Estimate Technical Memorandum

Socioeconomic Technical Memorandum

Terrestrial Habitat and Wildlife Resources Technical Memorandum

Transportation Technical Memorandum

Visual Resources Technical Memorandum

Water Quality/Water Quantity - Impervious Surface Evaluation Technical Memorandum

Wetlands Technical Memorandum

The LFEIS includes updated data and information from the memoranda and documents listed below.

Collaborative Environmental and Transportation Agreement for Streamlining, Record of Agreement/Consensus for Newberg-Dundee Transportation Improvement Project, February 10, 2004.
