

Appendix A

Technical Reports Prepared for this Project

This Draft Environmental Impact Statement (DEIS) summarizes the technical reports listed below. The full technical reports are lengthier and more detailed than their representative sections in the DEIS.

Air Quality Technical Report: Environmental Assessment for the South Medford Interchange Project

Archeological Resources Technical Report: Environmental Assessment for the South Medford Interchange Project

Biological Resources Technical Report: Environmental Assessment for the South Medford Interchange Project

Cultural Resources Technical Report: Environmental Assessment for the South Medford Interchange Project

Energy Technical Report: Environmental Assessment for the South Medford Interchange Project

Geology Technical Report: Environmental Assessment for the South Medford Interchange Project

Hazardous Materials Technical Report: Environmental Assessment for the South Medford Interchange Project

Hydraulic Study Technical Report: Environmental Assessment for the South Medford Interchange Project

Land Use Technical Report: Environmental Assessment for the South Medford Interchange Project

Noise Technical Report: Environmental Assessment for the South Medford Interchange Project

Right of Way Technical Report: Environmental Assessment for the South Medford Interchange Project

SocioEconomics Technical Report: Environmental Assessment for the South Medford Interchange Project

Traffic and Transportation Technical Report: Environmental Assessment for the South Medford Interchange Project

Water Quality Technical Report: Environmental Assessment for the South Medford Interchange Project

Visual Resources Technical Report: Environmental Assessment for the South Medford Interchange Project
