# OR HIGHWAY 126 CORRIDOR FACILITY PLAN

Crook County, Oregon

Crook County, the City of Prineville, and the Oregon Department of Transportation are teaming up to establish a long-term plan to reduce congestion, improve safety, and serve future traffic on OR 126 from the Crook County line to the Prineville “Y”.

The OR Highway 126 Corridor Facility Plan project began in December 2010 and will continue through December 2011. The Draft Plan includes intersection and corridor improvements that have been identified and supported by local residents and business owners. Local Agency staff and members of the project team will present the Draft Plan and be available to answer any questions about how the corridor may change over the next 20 years.

Project-related comments or questions can be directed to:
