Expect lane closure on S. Century Drive near Sunriver

The Oregon Department of Transportation will close one traffic lane, starting Monday, on S. Century Drive near the intersection of US 97.

The current configuration is one westbound lane and two eastbound lanes. The westbound lane will be closed on July 10 and traffic will be shifted south on the road. After the shift, there will be one westbound lane and one eastbound lane.

Motorists are asked to slow down and use caution while traveling through the work zone.

The closure will allow crews to begin construction of the northwest interchange ramp for the S. Century Interchange Project. The contractor, Hap Taylor & Sons, is working to build an interchange at the current intersection of US 97 and South Century Drive. Once completed, the new interchange will provide safer, more convenient traffic flow to and from the Sunriver area and to recreational opportunities in southern Deschutes County.
