

SP390 (~~08-19-1002-17-11~~)

*(This Section requires SP350 when geotextile is paid for under 00350.90. SP350 is not required when it is paid for under riprap backing. Requires SP2320 when riprap geotextile is used.)*

## SECTION 00390 - RIPRAP PROTECTION

*(Follow all instructions. If there are no instructions above a subsection, paragraph, sentence, or bullet, then include them in the project but make necessary modifications to only include project specific specifications. Delete specifications that do not apply to the project.)*

Comply with Section 00390 of the Standard Specifications modified as follows:

**00390.11(b) Test Requirements** - Under the "Requirement" column next to "Sediment Height" replace 8" with 8.0".

*(Use the following subsection .43 when the option of using either riprap geotextile or a filter blanket as backing is required and a pay item for Riprap Backing is included in the Schedule of Items.)*

**00390.43 Riprap Backing** - Add the following sentence to the end of the paragraph:

Use either riprap geotextile or a filter blanket under the riprap.

**00390.44(b) Loose Riprap** - Replace the bullet that begins "According to 00350.43..." with the following bullet:

- According to 00350.41(d), if riprap is placed on geotextile.
